

Congressman Coffman Participates in Health Reform Legislation Reading Room

Joins House Republicans in Examining Pelosi's 1,990-Page Bill

(WASHINGTON D.C.) —Rep. Mike Coffman (R-CO) today joined House Republicans in the Republican Reading Room to examine H.R. 3962, the latest version of Speaker Pelosi's government takeover of America's health care industry. House Democrats unveiled the bill last Thursday, and a vote is scheduled for later this week.

"Americans have made it clear that they do not want a government takeover of health care. I joined my colleagues today to examine, discuss, and shed light on the most egregious provisions of H.R. 3962, Pelosi's \$1.2 trillion-dollar, 1,990-page monstrosity," Coffman said. "This bill is full of nothing but massive cuts to care for seniors, more than \$700 billion in new job-killing taxes, and the government's intrusion on liberties of Americans, all overseen by new government positions with Orwellian titles."
